

PERMISSION TO CROSS BORDER FORM

TO BE FILLED OUT BY THE PARENT/GUARDIAN

(Please complete form using a blue or black pen. Please be kind: print clearly! Thanks.)

Everybody crossing the international border needs to have their own identification showing their citizenship and place of permanent residence. The very best document anyone can have is his or her own passport, but the next best document is a birth certificate. When you are traveling with children other than your own, it can get a little more complicated. Please understand that these measures are taken due to the number of child abductions happening every year, and the number of times the perpetrators try to take the children outside of the country.
